

# A New Reality in SPA profits

- much more than what you "Think"!

By Barbara Guerra

**T**he Spa Industry today offers almost every holistic and therapeutic product, treatment and service that the body can embrace. We all know that **stress** is what brings us to the Spa...but what about the "mind"- the part of us that is responsible for where we are in our lives and where we are going; the part of us that is programmed for success...or not.

With the popularity of the movie/DVD "The Secret" and The Law of Attraction we can all be open to the

true and remarkable power that we all have - our thoughts and the patterns of our thinking. This is where **real** change and **real** results can happen. The Law of Attraction states profoundly; "what we think about; we create".

**CVR; Creative Visualization & Relaxation** and the **NXTLynk™ Spa System** is the solution for the body, "mind" and spirit and the future wave of healing & change that we all are seeking. It's a powerful combination of MP3 player, light & sound system and personal coaching programs.

Incorporating the **NewReality Wellness NXTLynk™ Spa System** as a solution for the "mind" will become an integral part of every Total Spa Experience. CVR can provide clients with long lasting healing and rejuvenation. Every CVR session increases Serotonin by 21% and Endorphins by 25% - now that's rejuvenation!

CVR creates a relaxed peak learning state where the guided visualization programs will greatly benefit the clients as well as the staff. Sessions are only 20 minutes; the perfect add-on to any spa wellness treatment and service, before or after. No special training needed, no labour cost and no products to buy; just the **NXTLynk™ Spa System** with its relaxing and beneficial sessions. CVR has over 20 programs including Vissage™ (Visual Massage), Weight Management, Stress Reduction, Pain Management, Medical Series, Life Mastery, Sales Mastery or Wealth Consciousness.

Our **Business Expansion Package** provides a new revenue stream to keep your Spa profitable. Innovative equipment is the next wave for bottom-line profit. By incorporating this cutting-edge technology, you can expect the **NXTLynk™ Spa System** to bring added value to your clients, staff and significant revenue to your business.
